Dr. C V Rajendran (Professor & HOD)

1. Rajendran CV, PK T, Mary L. Risk Factors of Varicose Ulcer-A Case Control Study in A Tertiary Care.
2. A. Post Traumatic Pneumocephalus-Clinical Profile in a Tertiary Care Centre.
3. Dr.C V RAJENDRAN Thomas PK, Rajendram CV, Aneesh A, Unnikrishnan G. Comparative Study of Changes In Hepatic Function After Laparoscopic Cholecystectomy And Open Cholecystectomy. IJSR. 2017;6(3):1-3.
4. Incidence Of Hypocalcaemia After Total Thyroidectomy And Near Total Thyroidectomy A Tertiary Centre Comparative Study, IJSR - International Journal of Scientific Research(IJSR), IJSR | World Wide Journals [Internet]. www.worldwidejournals.com. [cited 2021 Dec 21].
5. Temporary hypocalcemia following total thyroidectomy at a tertiary care centre– a cohort study - IJAR - Indian Journal of Applied Research [Internet]. www.worldwidejournals.com. [cited 2021 Dec 21].

Dr. Arun S (Associate Professor)

1. Tube thoracostomy using soft thoracoport, a novel technique in the placement of intercostal drains in Journal of medical science and clinical research(jmscr)
2. Topographical anatomy of external branch of superior laryngeal nerve as related to thyroidectomy in Journal of medical science and clinical research(jmscr)
3. Study of complications of thyroidectomy,with special reference to recurrent laryngeal nerve injury in Annals of international medical and dental research(AIMDR)
4. A comparative study on rate of healing of venous ulcer with or without superficial venous surgery in International journal of medical research professionals(IJMRP)
5. Hypothyroidism, an innate risk of thyroidectomy in International surgery journal.
6. Pilonidal sinus a vexing problem,with special reference to intermammary sinus in Annals of international medical and dental research(AIMDR)
7. A comparison between conventional and thoracoport technique for tube thoracostomy in pneumothorax in International journal of medical research professionals (IJMRP)
8. A Descriptive study about the cardinal anatomical structures to be preserved during thyroidectomy and tips for it in Journal of medical science and clinical research(jmscr)
9. A retrospective analysis of the surgical treatment options of sacrococcygealpilonidal sinus , with special reference to Limberg flap in Journal of medical science and clinical research(jmscr).
10. Inferior approach, a safer method for identification of recurrent laryngeal nerve during thyroidectomy in Indian journal of surgery.

Dr. Krishna Kumar (Assistant Professor)

1. Dr Krishnakumar K G Chisthi MM, Kuttanchettiyar KG. Capsular dissection technique for reducing recurrent laryngeal neuropraxia and temporary hypoparathyroidism after thyroidectomy single center experience. Int J Otorhinolaryngol Head Neck Surg. 2015 Jul;1(1):17-22.
2. Dr Krishnakumar K G Chisthi MM, Kuttanchettiyar KG. Clinico- pathological profile of axillary lymph node status in early breast carcinoma-a tertiary care centre experience. International Surgery Journal. 2016 Dec 8;3(2):776-80.
3. Dr Krishnakumar K G Kuttanchettiyar KG, Chisthi MM. Mortality from Cancers–A Tertiary Level Multi-Specialty Centre Experience. Annals of International Medical and Dental Research.;4(1):32.
4. Dr Krishnakumar K G Kuttanchettiyar KG, Chisthi MM. Deep venous thrombosis after major abdominal surgeries: a tertiary level centre study. International Surgery Journal. 2017 Dec 26;5(1):267-72.

Dr. Sreejith S Nair (Senior Resident)

1. Presented poster titled “A rare case of pericardial cyst in young female presenting with upper abdominal pain “at ASICON 2020.
